**Pure lust for life!**

Let your day end at the panorama lounge bar. Our highlight is without compromise, the creativity of our kitchen in our Brandner restaurant, one of the top addresses of Regensburg. Enjoy an evening in the restaurant or on the Danube river patio with a spectacular scenery for a romantic dinner of two. There are many ways to spice up your life, you just have to try!

**Dolce vita at the Danube!**

Regensburg is not reasonless the World Heritage Site and is called Venice of the north. Where else can you combine in noble boutiques and sightseeing of historical preciousness. Spoilt for choice! Should it be a cappuccino at one of the lovely street cafes? Afterwards a tour to the Thurn & Taxis castle? Then the imposing St. Peter cathedral with a concert of the Regensburger Domspatzen? Regensburg is pure lust of life!
